3. WITHIN 60 DAYS OF COMPLETING PRINCIPAL PHOTOGRAPHY.

- a. Submit a statement to the Montana Film Office, Department of Commerce of all expenditures and compensation paid to Montana residents. Include the amount of credit you intend to claim. The production company may submit this statement using their company

- b. The tax credit is claimed at this point on the appropriate line(s) of the Montana tax return. The tax credit will be applied to the Montana tax return to offset the tax liability of the production company. The remainder will be refunded to the production company in the form of a check unless the production company opts to carry forward the tax credit for the 4 succeeding tax years.
- c. An application filing fee to cover administrative costs for the tax credit must be submitted with the tax return. The fee structure is:
 - if the total compensation paid to Montana residents for the production is less than or equal to \$30,000, the application fee is \$500;

² "Resident" applies only to natural persons and includes, for the purpose of determining liability to the tax imposed by this chapter with reference to the income of any taxable year, any person domiciled in the state of Montana and any other person who maintains a permanent place of abode within the state even though temporarily absent from the state and who has not established a residence elsewhere. **MCA 15-30-101.**
